## DAILY AVERAGE, 2127.

Personally appeared before me this day E. J. Paxton, general manager of The Sun, who affirms that the above statement of the circulation of The Sun for the month of Aug., 1903, is true to the best of his knowledge and belief.

PETER PURYEAR,  
Notary Public McCracken County.  
Sept. 2, 1903.

## DAILY THOUGHT.

After all the kind of world one carries about in one's self is the important thing, and the world outside takes all its grace, color and value from that.—James Russell Lowell.

## THE WEATHER.

Fair and cooler tonight and Saturday.

## CARRIER BOYS' CONTEST.

The Sun has started a contest among its carrier boys for subscribers, and asks that the friends of the boys help them all they can. The circulation of The Sun is booming as never before, the average for the month of July being 2128 subscribers, and it is the intention of the management to continue the work that has brought about this good total. This contest is one means.

The prizes to be given the boys are for the greatest number of new subscribers secured between now and Thanksgiving day.

Help the young fellows along. They will be calling in a few days.

## PUBLICITY OF CRIME.

Very often the police refuse to give out information to newspapers on the ground that the culprit is not caught. They do not seem to realize that frequently such information would act as a warning or safeguard to the public, and further that all criminals know they are wanted, and no newspaper can make them more vigilant or else than they already are. Of course, the

in some instances where a person is under espionage, or has been spotted by the police, and the papers spring it before he can be arrested and in this way warn him, a hardship is inflicted on the police department. But in most instances a man wanted for a crime knows it well enough without having to see it in the paper.

Along this line the St. Louis Globe-Democrat says:

"Important points bearing on the protection of citizens are involved in giving prompt publicity to such crimes as highway robbery and burglary. The public is entitled to a warning when robbery with violence and house breaking are worse than usual. All that secrecy can accomplish in such cases is to hide the failure of the police department to furnish the safeguards for which they are organized and paid. From the treasury of St. Louis the sum of over \$1,600,000 a year is taken, by the unchecked estimate of the police board, to meet the cost of the force. Upon police efficiency the people have no influence through the ballot or any municipal body. It is, therefore, the more desirable that they should know the truth about criminal operations in the city so that they may take such measures for self-protection as emergencies may require."

There is a great and increasing demand in Paducah for a complete and reliable city directory. For years Paducah has had nothing of the kind. In fact, it is doubtful if there was ever a complete directory published here. A prominent doctor said today: "Next to the need of a city hospital Paducah needs a good city directory. There has been none in several years, and the one published then was incomplete to start with, and what it is now, after several years of moving about, deaths, and removals from the city, can better be imagined than described. Besides, Paducah is growing rapidly, and has been for years." This is true. There ought to be good money for somebody who has the time and ability to get up a good city directory, not the kind that have been issued in recent years. No one realizes this more than the hotel proprietors, business and professional men and merchants, who are almost daily subjected to much annoyance on account of the lack of facilities for finding people's addresses.

A city or town that expects to get railroads or other enterprises, must reach out for them, because there are too many other cities that are reaching out for everything in sight, and it is in nearly every instance the city or town that offers the greatest inducements that gets the enterprise. Paducah should learn a lesson from her failure to get the new railroad. Indifference or independence in a city towards a project that would be a benefit to any place, and will probably be offered inducements by any city that stands any chance to land it, will almost invariably react against the city itself and not hurt the project, for the enterprise can always get inducements to go elsewhere. And most all of these projects go where there is the greatest inducement.

In the death at Louisville of Colonel Tom Hall, Kentucky loses one of her brightest and most popular journalists. Colonel Hall devoted his literary efforts almost exclusively to river matters, and was an authority on steamboating from "the olden times" until the present day. He is quite well known in Paducah, having made a host of friends here a few years ago at the convention of the Ohio Valley Improvement association.

The Republicans up above have decided not to put out any candidate against Allie W. Young, the Democratic nominee for circuit judge. Probably Allie has fixed it so his friends will do the counting.

EDMUNDS ONLY LOANED—Edmunds has not been released or swapped, the management of the local association stated this morning but was simply loaned to Cairo to beat Clarksville with. He was to have gone yesterday but the Cairo management failed to send Ott down and Edmunds remained here. He will be loaned to Henderson for a series of three games and then go to Cairo.

LEMONS—9 cents per dozen Saturday at The Jake Biederman Gro. and B. Co. 14 stores.

## THE CALAMITY HOWLER.

The fellow who is "stupid" to advertise is the one who has the calamity howling.—What's Spelling?

LEMONS—9 cents per dozen Saturday at The Jake Biederman Gro. and B. Co. 14 stores.

## WABASH WONT COME

President Burns Holds a Conference With Committee.

The Cash Bonus of \$150,000 Could Not Be Raised in Paducah.

## THE REX COMPANY'S SITE

President W. M. Burns of the Toledo, St. Louis and New Orleans railroad, which recently proposed to Paducah to make this a terminal for a bonus of \$150,000, arrived last evening from St. Louis, and held a conference at the Palmer house with Messrs B. H. Scott, G. G. Singleton and W. F. Paxton, the committee appointed by the Commercial club several months ago to take up the matter.

The committee had been at work some time, but was never sanguine of being able to get up the cash bonus demanded, although it ascertained to a reasonable degree of certainty that the railroad, if it would come to Paducah, would be given reasonable terminal facilities and receive a hearty welcome.

It appeared from President Burns' remarks that nothing but the cash bonus would suffice, and it was mutually agreed before the conference ended that the project be dropped, which means that Paducah will not get the new road.

The Wabash railroad, it will be recalled, is behind the project, and desired to build from Effingham, Ill., straight through Golconda to Paducah, and connect here with the N. C. and St. L. for an outlet to the coast, it is supposed.

The road will now have its terminal at Carmi, Ill., instead of Paducah. It is generally agreed that this ends Paducah's chances to get the branch of the Wabash. A prominent member of the Commercial club said this morning that he felt it would have been a good thing for Paducah and that he felt sure that every public spirited man would have liked to have induced the company to come here but the way was not clear to furnish the cash bonus, and it was not done. He said further that he felt sure if the road ever wanted to enter Paducah it would be offered every reasonable facility in the way of terminals and rights of way for it to do so.

The Rex Manufacturing company for picture frames, will locate its proposed branch back of the Lack Single-tree company's plant on the South Side, on what was formerly the Clements mill property. President Kirk, of the company, is now here from Chicago, and thinks that there will be no trouble in securing the remainder of the necessary subscribers to get the concern. Mr. Kirk will probably be in the city for a day or two on business connected with the company's affairs here.

## TAXPAYERS' NOTICE.

Paducah, Ky., Sept. 1, 1903.

You are hereby notified that all persons owning, or having in their possession, or under their control as agent, guardian, committee, executor, administrator, curator, trustee, receiver, commissioner, or otherwise, realty, tangible or intangible personal property, on the fifteenth day of September, and are required on or before the first day of October to give the assessor, a true and complete list of same, with true cash value thereof as of the fifteenth day of September, under oath, upon forms to be furnished on application by said assessor AT HIS OFFICE and that all merchants of the city doing business for themselves or others shall in the manner and in addition thereto state the highest amount in value of goods, wares, merchandise owned or kept on hand for sale by said merchants during the three months next preceding such 15th day of September. Prompt attention to this will save property owners additional cost. STEWART DICK, Assessor, Office, City Hall.

Approved: D. A. Yeiser, Mayor.

## DEATHS IN GRAVES COUNTY.

Miss Julia Goatsly, died Wednesday night at Fancy Farm, Graves county, of consumption. She was 25 years of age and was the daughter of Mr. Thomas Goatsly. The burial took place yesterday afternoon from St. Jerome's church.

Rev. J. Bate Barton, died Tuesday afternoon at Wingo. He was 30 years of age and a minister of the Baptist church. The burial took place at Wingo yesterday afternoon.

## MORE I. C. CHANGES

Another New Trainmaster on the Tennessee Division.

Small Wrecks Cause Delays to Passenger Trains—Operators Get More Pay.

L. A. McCabe, formerly chief dispatcher of the Tennessee division of the I. C., has been called to Chicago where it is supposed he will be given the position of chief traveling dispatcher of the entire system.

It is reported that Trainmaster G. W. Spencer, who has been acting trainmaster of the Tennessee division since the resignation of Trainmaster O. M. Sewell, will shortly resign to accept a better position. He leaves shortly for Illinois on a vacation.

The Illinois Central has increased the pay of the telegraph operators in 1,500 different offices on its system. The company also reduced the working hours. The average increase in pay is 15 per cent., and will amount to \$100,000 in the aggregate in the annual pay rolls. The increase is effective September 1. The Pennsylvania railroad company, after several conferences with a committee of operators, has decided to give relief of one day a month with pay to all operators, whether working eight or twelve hours. The change will be effective on October 1. Railroad telegraph operators all over the country have recently been granted concessions in working hours or in pay. Good operators are said to be scarce.

Yesterday afternoon a small freight wreck at Vine Grove, Ky., delayed the 6 o'clock Louisville and Memphis fast passenger train over an hour and a half. A freight train struck a cow and derailed several cars but no one was injured. The wreck delayed the accommodation train due at 3:37 some little time also.

This morning the engine on train No. 103, the fast Louisville and Memphis passenger train, was derailed at Horse Branch and the train did not arrive until after 6 o'clock.

## AT MAYFIELD.

THE PADUCAH CLUB LOSES THE GAME YESTERDAY.

The L. A. L. team, of this city, was defeated in a well played game at Mayfield yesterday afternoon by the Mayfield team by a score of 5 to 3. Perry and Warren was the battery for Mayfield and Brahic and Brahic for the L. A. L. team. The playing was good on both sides.

The score by innings is as follows:

	1	2	3	4	5	6	7	8	9
L. A. L.	2	0	1	0	0	0	0	0	—3
Mayfield	0	0	1	0	0	4	0	0	—5

Advice from Mayfield says that the game was given to the Mayfield team by a very bad decision of the umpire in the sixth inning when Mayfield made four tallies.

Brahic struck out fifteen of the Mayfield boys. Today a double-header will be played instead of a single game.

## STILL AT LARGE.

NO TRACE OF THE NEGRO WHO KILLED CALVIN CARY.

"Box Car" Glore the negro who shot and killed Calvin Cary on lower Court street day before yesterday, is still at large, and the police have found no trace of him. It was reported today that he was seen going out the railroad, but the police ascertained that there was nothing in it, and the general opinion of the police officials is that Glore got out of the city and as far away as possible as quickly as possible.

The remains of Cary, his victim, were buried in potters field yesterday afternoon.

## CARD OF THANKS.

We desire to express our sincere thanks to the Fire Department and citizens who tendered their assistance in preventing the spread of fire at our place of business on the night of Sept. 2, 1903.

Yours truly,  
B. Weille and Son.

## THE ELKS MET.

The regular meeting of the Elks was held last night at Elks hall on North Fourth street, but no business of public interest was transacted. Mr. Morris Friedman was initiated.

Souvenir for the ladies at the Columbia at 2 p. m. Sept. 6.

## ELECTION DEFERRED

New Constitution Adopted by Y. M. C. A. Directors.

The Fiscal Year Will Hereafter End January 1st—Report of the Local Secretary.

## NO ELECTION UNTIL JANUARY.

At the annual business meeting of the local Young Men's Christian association last night a new constitution was adopted which fixes the fiscal year to open and close with January 1. For this reason the election of officers and directors was held over until next January and after a delightful social hour in charge of the women's committee the meeting adjourned. The following statistical report on the last twelve months was read by Secretary Stuart B. Hanna:

Total receipts for the year, \$4,338.61.  
Total expenditures, \$4,320.18.  
Improvements on building and equipment, \$463.79.

Number who have taken advantage of the physical department, 221. Of these 115 were men, 61 boys and 45 women. Estimate of baths during the year, 894.

Social events for men, 13, with a total attendance of 536.

Social events for boys 5, with a total attendance of 245.

Average attendance at the building, 41 men, 12 boys.

Number of books in library, 72, periodicals on file, 6; educational clubs, 1, with a membership of 18; practical talks 2.

Students enrolled last winter in night school 17.

Number of Sunday afternoon religious meetings 23; total attendance 787.

Number of Bible classes 3; total enrollment 57.

In the financial report the women's committee had raised \$186.40, of the year's income.

The railroad Young Men's Christian association building at Mounds, Ill., was dedicated Wednesday night.

The exercises were attended by the state secretaries, W. S. King, superin-

tendent of the St. Louis division of the Illinois Central, officially represented the railroad company. The building was erected at a cost of \$7,000, and is finely equipped for the work. H. L. Hudson, formerly of Peoria, is secretary. Between 700 and 800 men run into Mounds.

PURE APPLE VINEGAR for 25c a gallon at Clark's, of course.

## OLD KAINUCK.

OFFICER GUY NANCE WILL START HOME OCT. 1.

Officer Guy Nance, who is visiting in California, has written Captain Henry Bailey, of the local police force that he will start for home on October first. He likes California as a visiting terminal, but would not care to live there. He says Kentucky is good enough for him and for any one else. He is not the only Paducahan who has gone to California to live and hurried back in a few weeks.

2 POUNDS GINGER SNAPS for 15c Saturday at Clark's, of course.

## FURNITURE SOLD.

PADUCAH FURNITURE COMPANY GET THE LIBRARY CONTRACT.

The Paducah Furniture company captured another big contract yesterday by securing the order for furniture for the Carnegie Library at a cost of \$512. This factory has everything in the furniture line, and is today preparing to deliver the order which will include the best and most attractive furniture.

1/2 gallon pure apple vinegar 15c at Clark's, of course.

## IS NOT ABANDONED.

ILLINOIS CENTRAL MAY YET BUILD INTO BIRMINGHAM DISTRICT.

Today's dispatches state that the report that the Illinois Central had abandoned the project to build into Birmingham, Ala., is probably incorrect, as the company still has out surveyors, and may start work on the proposed line from Jackson, Tenn., into the Birmingham district this fall.

FANCY NEW Country dried apples 2 pounds for 15c. Clark's, of course.
